

## AF-S Teleconverter Compatibility

The following lenses may be used with the Nikon AF-S Teleconverters, some with noted functional limitations. NIKKOR lenses not listed cannot be used with the AF-S Teleconverters. **The rear elements of NIKKOR lenses not listed can contact and damage the Teleconverter element and must not be attached. List includes current lenses along with lenses for which production may have ceased. Lenses no longer produced are shown only for convenience as a compatibility reference!**
